

**Washington Association of Building Officials
Certification and Registration Program**

VIOLATION REPORT

The Washington Association of Building Officials strives to maintain a high standard of integrity for the Special Inspection and Welder Certification programs. We take any allegations of violations of WABO Standards seriously and will investigate all legitimate reports.

In order for a violation report to be considered, it must be submitted in writing using this form and sent to the WABO office at P. O. Box 7310, Olympia, WA 98507. Backup documentation may be attached to the report form. Anonymous submissions will not be accepted.

All violation reports will be referred to the WABO Certification and Registration (C&R) Committee for their consideration at their next regularly scheduled meeting. If the C&R Committee determines the report has merit, it will be forwarded to the WABO Technical Consultant for further investigation and recommendation. The Technical Consultant will evaluate the report and backup documentation. If necessary, he will interview the person who submitted the report and the subject of the violation, as well as conduct an on-site visit. **Any company or individual named in the violation, as well as the local building official, may obtain a copy** of it from the WABO office.

Once the Technical Consultant has completed the investigation, it will be submitted to the C&R Committee, along with his recommendation. The C&R Committee will then act on the reported violation and all parties will be informed of the decision.

Nature of Violation

| | | |
|--------------------------------|-----------|---------------|
| Name of Company or Individual: | | |
| Address | | |
| City | State | Zip |
| Telephone | Telephone | Email Address |
